

Take Care When Online

Do not use a password that could be easily guessed, such as your children's names, your address or phone number.

Do not follow a link from an email. Type the name in the site.

Do not send personal or financial information in an email or email attachment.

Do not open attachments or download files unless you are confident of the source.

Prevent fraud, theft and other threats that can cost you.

Guard your accounts, credit and debit cards

- Do not carry an unsigned card.
- Do not carry your personal identification number (PIN) with your card or give out your PIN
- Do not let your card out of your sight when making purchases in a store or restaurant.
- Do not accept a check for more than the amount of an item you are selling, refund the difference, or wire money back to the purchaser.

Report Fraud ASAP

Stay on top of your accounts. Keep track of your balance and account activity on a regular basis. If you think you have been a victim of theft or fraud, act quickly to contact your financial institution and/or credit card company to alert them.
